

CALL FOR PAPERS

Coastal Water Quality: From Science to Solutions

JULY/AUGUST 2018 SPECIAL ISSUE of the *MTS JOURNAL*

The *Marine Technology Society Journal* invites submission of original manuscripts for a special issue on coastal water quality. Papers are sought that explore the use of available science to develop and implement solutions to water quality problems in coastal communities, especially those papers adapting and applying science to guide management decisions and develop solutions aimed at improving coastal water quality. Of particular interest are papers focusing on coastal water quality, mitigation, remediation, sustainability, and living shorelines.

The *Marine Technology Society Journal* is the flagship publication of the Marine Technology Society. It publishes the highest caliber, peer-reviewed papers on subjects of interest to the society: marine technology, ocean science, marine policy, and education. The *Journal* is dedicated to publishing timely special issues on emerging ocean community concerns.

Important Dates

- | | |
|---------------------|---|
| • February 21, 2018 | Manuscripts due |
| • April 18, 2018 | Authors receive reviews |
| • May 16, 2018 | Authors submit revisions |
| • May 30, 2018 | Authors receive final comments |
| • June 6, 2018 | Authors submit final revisions |
| • June 20, 2018 | Authors receive proofs |
| • June 27, 2018 | Authors return final corrections |
| • July 18, 2018 | MTSJ available online and sent to printer |

Author Information

Information for submitting manuscripts can be found at www.mtsociety.org/author_info/. Authors who intend to submit a manuscript must complete an author information form (available on the website listed above) and return it to Amy Morgante (morganteditorial@verizon.net) as soon as possible.

For comments, suggestions, or requests, please send emails to the Guest Editors: Dr. Robert Weaver (rjweaver@fit.edu) and Dr. Kelli Hunsucker (khunsucker@fit.edu)
