

Marine Technology Society Journal Reprint/Journal Charge Information

Charges: Select either requested (voluntary) price or wholesale price. Please allow four to five weeks for delivery

Requested (Voluntary) Price: Reprints

Mandatory page charges are a standard practice with many journals. Subscriptions and advertising revenues for professional journals defray only a small portion of publishing costs, and mandatory page charges pay for many expenses.

The Marine Technology Society *does not* require mandatory page charges. However, the Marine Technology Society respectfully requests that the author's institution honor a **voluntary** reprint charge of \$60 per printed page rather than pay the wholesale price. Reprints can be ordered in increments of 100 copies (or ten Journals) as in table, below.
