

2012-13 MTS Scholarship Program Recipients

MTS offers significant scholarships each year to college graduate and undergraduate students, and also high school students who have been accepted into a full-time undergraduate marine-related program. This year nearly 300 students applied for MTS scholarships through the National Office. In addition, many sections also support scholarship programs (see Houston Section Awards, page 12 of this issue). Many congratulations to our scholarship recipients.

Special thanks to the Scholarship Judges for their time and dedication to this program: Erica Moulton (chair), Stu Burley, Thomas R. Consi, Kip Peterson, JoAnne Weise, Farley Shane, Sean Moody, Chris Gabel, Noriko Shoji, Tim Miller, Victoria Jones, Stuart Cook, R.C.
